Intro to Computing
CSC1117, Semester 2

Jake Flynn

October 6, 2021

1   About Myself and the Course

I currently am doing my bachelors in Applied Computer Science. My Research interest are mostly focused towards cyber securtiy, especially in finding vulnerabilities in software.

2   Course Information

This semester will include basic math every computer uses, common security problems, security best practices and security basics.

2.1   Maths in the course

Math in this course includes:

2.1.1   Recurence

$$i = 1^n a_i = a_1 + a_2 + \cdots + a_n$$

2.1.2   Binary

$$1^2 1^8$$

2.2   The First 4 Week Schedule

Week	Content	Percentage
1	Maths	10
2	Maths part 2	10
3	Security Best Practices	15
4	Security Basics	8
